

SILVIS IS TO GET BETTER SERVICE

Promise Is Given Village Board by General Manager of Tri-City Railway Company.

TO MEET DESIRES OF PUBLIC

Mayor Watkins Requests That All Gambling Complaints Be Made to Him in Person.

John Huntoon, general manager of the Tri-City Railway company last evening at the meeting of the Silvis board, gave assurance that the company will do all in its power to provide adequate street car service for residents of the village. Mr. Huntoon went personally to Silvis in response to agitation extending over a considerable period of time for better service and facilities.

Councilmen McKinley and Roach made known the complaints of the village. Attention of the traction official was called to the need of more cars, better heated cars and service for the shopmen who leave at 4. It was suggested that a stop be made at Ninth street in the evenings during the winter for the benefit of railroad employees who may desire to board the cars, but who seek shelter nearby to keep warm while waiting. At present a large number miss the cars, which hurry by without stop or warning.

Mr. Huntoon stated that a 20-minute afternoon service, which was not in effect Monday of this week, is expected to relieve these discomforts. The matter of the jitney bus was also mentioned by several members of the council as an inducement for providing better service. "The jitney is here and we are here; it will be the survival of the fittest," said the general manager.

Punchboard Order Joke!

Regarding the use of punch boards and dice games in the village, Mayor Watkins asked that all having complaints of gambling present them in person and in writing. It was declared by Councilman McKinley that the order prohibiting punch boards and dice games had become a joke.

The new electrical ordinance—made necessary by the growth of the village during the last 18 months—was accepted. The measure regulates all wiring placed in buildings and also provides for an electrical inspector and annual inspection. The plumbing inspector, under the ordinance, becomes electrical inspector, holding both positions.

HOW SHE ENDED TEN YEARS OF SKIN-TORTURE

Oct. 28, 1914—"I had eczema on my face for ten years. Little red pimples formed in a small spot on my chin and then spread all over my face. They itched and burned me awfully. It was terribly embarrassing to me, and I would not go amongst people. I tried almost every remedy and treatment that could be used for this trouble, but nothing did me any good. I used Resinol Ointment and Resinol Soap, and was relieved in a day or two. In one month I was cured. This was six months ago and the trouble has never returned." (Signed) Mrs. C. C. Roberts, Weatherford, Okla.

The Resinol treatment speedily heals eczema, rashes, ringworm, and other eruptions, and clears away disfiguring pimples and blackheads, even when other treatments prove worse than useless. Doctors have prescribed Resinol Ointment and Resinol Soap for eighteen years, and all druggists sell them.

SUDDEN DEATH

Caused by Disease of the Kidneys.

The close connection which exists between the heart and the kidneys is well known nowadays. As soon as kidneys are diseased, arterial tension is increased and the heart functions are attacked. When the kidneys no longer pour forth waste, uric acid poisoning occurs, and the person dies and the cause is often given as heart disease, or disease of brain or lungs.

It is a good insurance against such a risk to send 10 cents for a sample package of "An-uric"—the latest discovery of Dr. Pierce. Also send a sample of your water. This will be examined without charge by expert chemists at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. When you suffer from backache, frequent or scanty urination, rheumatic pains here or there, or that constant tired, worn-out feeling, it's time to write Dr. Pierce, describe your symptoms and get his medical opinion—without charge and absolutely free. Baby is Born to Girl Left Lone by Shot

Rock Island people who accorded such generous help to Mrs. Jelena Rajkowitz of Watertown, whose deplorable condition was brought to their attention by The Argus, will be pleased to learn of her improved health. Thanksgiving day brought in to the little home another son, who was joyfully welcomed by his mother despite her many trials and present troubles.

Good women of this city saw to it that she had excellent care and provided necessary articles and a philanthropic physician of the community wherein she resides gave her the same attention he would a more fortunately situated woman. She has made a splendid recovery and is gaining in strength rapidly. The baby cries a great deal and is proving quite a care, but as he appears to be a sound little fellow no apprehension is felt.

Mrs. Rajkowitz, it will be remembered, was not eligible for a mother's pension, having not lived in the county the prescribed time, but Mr. Corbin, supervisor of the poor, is at present allowing her \$3 a week for maintenance which, if other friends who have been interested do not forget her plight, will enable her to get along after a fashion. She needs a sewing machine badly. Garments have been donated the children which must be reshaped to be wearable. A machine was sent her, but it is in such disrepair and so old it is doubtful if an expert could make it stitch. If any of The Argus readers chance upon a machine which would be of use perhaps some one would feel inclined to make a Christmas gift to the industrious little woman.

STAMP FANS ARE FORMED IN BODY

Tri-City Club of Collectors of Mere Scraps of Paper Organized at Meeting.

A score of stamp collectors of the tri-cities gathered in the office of H. W. Litten, People's Bank building, Rock Island, last evening to trade, sell and purchase "mere scraps of paper," the value of which totals hundreds of dollars. The scene presented in some respects the pit of the stock exchange during busy hours. Money exchanged hands readily as stamps sought by the collectors were offered for sale. Several rare specimens were disposed of for goodly sums. Collections worth \$5,000 were on exhibition. Manufacturers, clergymen, merchants and even newspaper men were present.

The Tri-City Stamp club, which will meet monthly, was formed, and officers were elected as follows:

President—J. C. Safely, Moline.

Vice President—Major W. T. Channon, Rock Island.

Secretary-Treasurer—F. H. Grace, Davenport.

Those who become charter members of the club are: B. H. Wilson, Major W. T. Channon, George H. Murray, C. L. Beardsley, George H. Sheldon, Rev. H. W. Reed, H. W. Litten, E. J. Albrecht, J. G. Johnson Carsten, French of Rock Island, F. H. Grace of Davenport and J. E. Kern and J. C. Safely, Moline.

GRADING STARTS IN CASE PARK ADDITION

In the platting of the Case park addition, Rock Island, is given another addition convenient to the business section.

Located between Eleventh and Twelfth streets and between Eighteenth and Twentieth avenues, it is within walking distance of the business and factory sections and on the main thoroughfare leading south from Rock Island.

This plat has just been accepted by the city council and is dedicated by H. S. Cable, who has placed building restrictions upon these lots that will insure a desirable residential district. The streets and alleys are being graded at this time by Henry Roggenkamp and ordinances have already been passed assuring city water and sewer connections. Selections for purchase are already being made.

SURPRISED ON BIRTHDAY.

A company of Rock Island and Moline friends last evening went to the home of Earl Bean, 715 Fourth avenue, to remind him of his birthday. When the company arrived at the house they found the host in the kitchen in workman's outfit, busily occupied at work on a table. The evening was given over to playing cards and prizes went to Mrs. Ray Hartzell and Elmer Lundquist and F. P. Felman and Miss Hazel Hartzell. Refreshments which the company had brought were served and the affair proved a most enjoyable one.
